

DANIEL RYAN **BSC MENG | SENIOR PROJECT MANAGER**

With more than 6 years' experience as a civil construction engineer for Delta Group across Victoria and South Australia Divisions where he played a key role in establishing Delta Group in SA, Danny joined BRC Piling & Foundations as Senior Project Manager in 2022. His understanding of complex civil construction and engineering methods across large, medium and small or boutique project scopes ensures the safe and timely delivery of our specialist piling and foundations services. His experience involving a range of subsurface conditions and geotechnical challenges drives high quality outcomes and the effective sequencing of people and plant to exceed client expectations.
